Suspended
Swimming Pool on
4th floor, 75ft up!

Kitchen...suspended above
the suspended swimming
pool!

Now that's putting faith in
your engineer!

Bedroom ceiling below the swimming pool.
Looks like a smoke alarm on the ceiling...
maybe he should swap it for a water alarm!
Can you imagine lying in bed at night and
hearing creaking sounds, knowing that there's
a suspended swimming pool AND a suspended
kitchen above your head!
